

CUSTOM-FIT SOLUTIONS FROM ALLIED COMMERCIAL FINANCING

Industry experience and personal attention make working with Allied Commercial Financing the right solution for any replacement job or commercial equipment bid. Finance your entire HVAC purchase, including accessories, extended warranties, installation, ductwork, service contracts, crane rentals and any other associated soft-costs.

Easier Than Bank Loans and Just as Competitive

Allied Commercial Financing is unsecured borrowing without the need for blanket liens or real estate security, and in many cases, loans up to \$200,000 require no financial statements or tax returns. Equipment finance agreements are not reported on the owner's credit as debt, unlike most bank loans, lines of credit or credit cards.

Fixed Payments & Little Out of Pocket

Financing offers fixed payments from 2-5 years, enabling you to budget your cash over the term of the agreement. Upfront cost is typically one or two months' payment*, which allows you not only the flexibility to leave your cash in your business, but also the ability to save money on your utility bills.

Flexible & Convenient

Available terms range from 24 to 60 months, and deferred or structured payments may be arranged to meet any individual company's needs. Use our simple one-page credit application for purchases up to \$200,000 and receive a decision on your application within 4-6 hours.** For applications over \$200,000, you will receive a decision within 48 hours.
